## Skills

- HTML • React.js
- CSS • Javascript
- Node.js • Npm
- SQL • MongoDB

## Education

- Penn LPS Full-time Coding Bootcamp- Full stack web development program
- Archbishop Ryan High School

## Experience

- **Penn LPS Full-time Coding Bootcamp** September 2020 – November 2020  
12 weeks of intense coding in the Penn LPS Full-time coding bootcamp for full stack web development. Skills learned consist of but not limited to : HTML5, CSS3, Javascript, Bootstrap, JQuery, Node.js, MySQL converting traditional web applications to PWAs. I have made multiple front-end applications including my own website linked at the top as Portfolio website with a page dedicated to my best previous applications made for school and complex projects I am working on. The coding program taught me how to work collaboratively on group projects.
- **Pjp** October 2021–March 2022  
Warehouse associate at Pjp . Responsibilities were primarily to use a headset that would receive orders from the “qb”(operation director), Id then go to the location in the warehouse and collect items onto an electric pallet jack then wrap said items with a wrapping machine to load items into the assigned truck using the electric pallet jack.
- **Bunzl** July 2022- December 2022  
Warehouse associate at Bunzl. Responsibilities were to use a handheld computer that gives you orders and item locations then to fill out orders and put desired items inside of a bin called a tote and once the order is complete it would be put onto an assembly line and sent to a packer to pack
